Congratulations to the winner who will receive the Newell Trophy and hold it for one year. (Please get it engraved). The present holder is J.Moore of Bryanston School. Again only fifteen competitors submitted cards but this year from eight schools. I am sending copies of these results to the schools of those who entered but who did not send in cards, and to those who have competed since I took over scoring but who for some reason have not competed this year - there is inevitably some overlap as entries are by schools initially not by individual names.

We have got the S.A.E correct now, could we get the witness's certificate right next year?

Best Wishes for Christmas and for 1988
